

East Texas District Minutes
November 19, 2020

The East Texas District met via Zoom on November 19, 2020, with 55 participants logging on.

Since the position of vice chair is open the board may appoint someone to the office. A candidate is needed to accept the appointment.

Congratulations to Amanda Storer for receiving the PTA educator's award, and Tim Lyons, PT who received the president's award.

Dr. Denise Gobert asked how we can address burnout and the need for resiliency.

Looking forward we probably will continue to have virtual meetings.

Financials look good, since there have been no travel expenses. There also has been no income. The budget has \$5033.50, and the scholarship fund has \$220.00.

The TPTA website may need to be updated to reflect that membership in APTA automatically provides membership in TPTA.

Next meeting will be February 18, 2021. No speaker has been arranged.

The meeting was adjourned and the speaker for the evening was introduced.

The evening's education was provided by Karen Gordon, PT, who is the PT Coordinator at the Executive Council of Physical Therapy & Occupational Examiners. She gave regulatory updates from the examining board of new rules and regulations.

Respectfully,
Ann Huffstetter, PTA
District Secretary
