

TPTA Practice Committee

Volunteers Needed!

The TPTA Practice Committee is seeking volunteers to join our team! We are searching for PTs and PTAs passionate about Physical Therapy and advancing the practice.

Who We Are: The TPTA Practice Committee serves as a resource and provides support to the membership in understanding and utilizing the Texas Physical Therapy Act. A talented and experienced group of TPTA PT and PTA colleagues from a variety of settings and specialty areas have volunteered to serve the membership in this capacity. As APTA members, many resources are made available via section list serves and message boards. However, this expert group provides TPTA members a group of local experts who are more familiar with clinical practice in the state of Texas.

Our Goal: Promote the highest standards of PT practice through educational offerings, communications, and advocacy by:

- cultivating innovative, convenient methods by which PTs and PTAs can acquire and integrate professional knowledge and skills;
- promoting resources available to members through the chapter website, newsletters, and meetings;
- promoting continuing education opportunities and resources to allow for clinical practice development of all PTs and PTAs.

What We Do: The Practice Committee meets regularly via phone conference to discuss current practice related issues and to determine what actions should be taken to address those issues. The committee also develops multiple practice related webinars such as the *Journal Club Series* in addition to serving as a resource for TPTA members.

Interested in learning more about becoming a member of the Practice Committee? Contact TPTA staff at rhardgree@tpta.org or via phone (512) 477-1818.
